

# NRx<sup>®</sup> for 340B

## A pharmacy management system to simplify 340B.

QS/1's NRx is perfect for managing 340B pharmacies. Use it to easily set up a 340B program, affordably meet federal 340B requirements, and manage one or more 340B programs without a separate system.

### Key Features:

#### Streamline Inventory

Eliminates the need to stock costly additional inventories by borrowing and replacing drugs electronically from a single inventory.

#### Leverage Automation

Creates formularies and automatically reorders drugs from your wholesaler.

#### Stay Compliant

Helps meet the requirements of the Federally Qualified Health Center (FQHC) and auditors with customizable reporting.

#### Align with Vendors

Works with vendors like Hudson Headwaters 340B, 340Beyond<sup>®</sup> by American Health Care, 340Basics<sup>™</sup>, Verity 340B<sup>®</sup>, SUNRx, Pharmacy Data Management, Inc. (PDMI), Sentry 340B, CaptureRx<sup>®</sup> and PharmaForce.

### Additional Features:

- Provides duplicate drug records for NDCs
- Compares pricing between third-party copays and 340B sliding scales
- Manages activities from any workstation with Pharmacy at a Glance
- Automates refills with InstantFill<sup>®</sup>

### Benefits:

Diversify pharmacy revenue by serving the 340B market.

Use NRx to manage one or more 340B programs without the need for a separate system.

Get a total solution when you add Point-of-Sale, IVR, and patient notifications via text and email.

Work with more third-party integrations than any other pharmacy management system.
